Exceptional Student Services (ESS) / Data Management

Secure Care Survey
School Year 2013-2014

GENERAL INSTRUCTIONS

The Arizona Department of Education/Exceptional Student Services (ADE/ESS), Special Projects Unit recognizes the challenges unique to secure care facilities providing special education services. The Special Education Secure Care Survey will collect information about the number of special education enrollments and students for educational programs at your secure care facilities. It will also identify which version of Merging Two Worlds is being used in your curriculum. The reporting period is from July 1, **2013**, through June 30, **2014**.

It is important that this survey be completed accurately as the information gained from the Special Education Secure Care Survey will assist ADE/ESS in determining IDEA Secure Care Grant allocations, provide a direction for future training and research with the Merging Two Worlds curricula, and give a broader understanding of the unique special education populations that exist at each secure care educational program.

The survey is divided into three sections: (I) students under age 18; (II) students age 18 to 22; and (III) Merging Two Worlds. The first and second sections require a numerical response for each question under the appropriate column heading. The third and final section will require selection of one response from a list of choices. Because of the lack of Student Accountability Information System (SAIS) enrollment data for county juvenile detention and jail education programs, county juvenile detention facilities will report in Sections I and III and jail facilities will report in Sections I, II, and III.

NOTE: The following agencies are only required to complete Section III (Merging Two Worlds), as student enrollment data will be collected via SAIS:

- The Arizona Department of Juvenile Corrections (ADJC);
- The Arizona Department of Corrections (ADC); and
- County accommodation districts that operate as public consortia (include juvenile detention and/or jail education programs).

Each question requires a response for this survey to be considered complete and for the user to proceed with the final submission process.

QUESTIONS FOR SECURE CARE SURVEY

Section I: Students under age 18

1. Total number of special education enrollments for students who enrolled <u>only once</u> during the current school year. [Example: Student A (1 enrollment) + Student B (1 enrollment) + Student C (1 enrollment) = 3 total enrollments.]

2. Total number of special education enrollments for students who enrolled <u>2 or more times</u> during the current school year. [Example: Student **D** (3 enrollments) + Student **E** (2 enrollments) + Student **F** (2 enrollments) = 7 total enrollments.]

2a. How many special education students enrolled <u>2 or more times</u> during the current school year? **[Student D + Student E + Student F = 3 enrollments.]**

3. Total enrollments for all students, both general and special education, during the current school year.

Section II: Students age 18 to 22

1. Total number of special education enrollments for students who enrolled <u>only once</u> during the current school year. [Example: Student A (1 enrollment) + Student B (1 enrollment) + Student C (1 enrollment) = 3 total enrollments.]

2. Total number of special education enrollments for students who enrolled <u>2 or more times</u> during the current school year. [Example: Student **D** (3 enrollments) + Student **E** (2 enrollments) + Student **F** (2 enrollments) = 7 total enrollments.]

2a. How many special education students enrolled 2 or more times during the current school year? **[Student D + Student E + Student F = 3 students.]**

3. Total enrollments for all students, both general and special education, during the current school year.

Section III: Merging Two Worlds

1. Does your school use the Merging Two Worlds curriculum? (Please choose one: Yes; No.)

2. If yes, which version of the Merging Two Worlds curriculum was used? (Please choose one: Mini-Merging Two Worlds; Complete Merging Two Worlds; Pima Merging Two Worlds; or "Other" Version of Merging Two Worlds.)
